Re: No Animal By-products – Vegan Statement

In response to concerns regarding the use of animal by-products in processing sugar, this letter is to confirm that no animal by-products are used in the manufacture of sugar from either sugar beets or sugar cane. None of our sugar products are derived from an animal source.

As further confirmation of this, all of our facilities are Kosher certified as pareve meaning they are free from any contact with dairy products, animal by-products, or other derivatives including bone char.

USPR sugar products meet vegan dietary suitability.

The purpose of this statement is to provide a clear and transparent overview of United Sugar Producers and Refiners' current policies and practices.
